

You have completed your photo shoot!

Now you need to:

- Take your photo CD to an inexpensive photo lab and have 4x6 prints made of either your entire shoot or the majority of every good possible shot.
- Return the CD and the prints to the agency for Jean Liebau to review. Jean will choose the shots that will be used on the website and your composite cards or headshots.
- Fill out a Comp Card Order Form.
- Fill out a Website Order Form.
If you have been on our website previously, there are no additional fees for us to change-out your shots on the website.
- You will need to pay for your order when you leave the prints.

Printing Costs:

- 50 color comp cards \$110
- 100 color comp cards \$165
- 200 color comp cards \$275
- 200 color one-shot headshots \$155
- 200 color two-shot headshots \$190
- 200 black & white headshots \$125

Once you have given us your Comp Order Form, Website Order Form, payment, CD and photographs, it will take up to 30 days to get your materials on the website. It usually takes 2 weeks for us to see a proof on your comp card or headshot order. Please let us know if you would like to approve your proof. After approval, cards are shipped within 2 weeks.

You will receive a Username and Password for the Talent Unlimited website. Please make sure to log-in and update your info. Please note, if your date-of-birth is not entered, you will not come-up on a search for a specific age category. Personal contact information is password protected and is available for viewing by Talent Unlimited staff members only. No personal contact information will be posted on the website for general viewing.

Please contact Sue Miles if you have any questions.
