

Photography Movement: Learn how to “work” the camera. Digital photography will be taken and reviewed during class. It’s a great class to take as a refresher course before shooting a new composite. Learn what to take on bookings, go through a typical “day” on the job.

On-Camera/Audition Techniques: Video, TV commercial scripts and scene work will be given and practiced for improvement. Students are videotaped for review. Learn confidence and tips on how to be prepared for the audition and booking.

Runway/Grooming: Emphasis on basic posture, stance, turns, and how to walk like a model on the runway. Health, fitness and nutrition will be discussed along with how to look your best from head to toe.

Bio/Resume: Bring a list of activities, training, and special skills and we will help you put your resume together along with helping you to write a 30 sec. bio about yourself. We will videotape you on camera and keep this on file for clients to view when requested.

Children’s Class- Includes photography movement, on-camera/audition, and runway in every class. We take pictures, practice scripts, walk the runway and discuss a typical “day “ on the job. Building confidence is our focus.

Talent 101- This class is **required** for all new students. We go over all of your questions about the business from how to fill out a voucher to getting your resume on the web. This class is offered every 6 weeks.
